How It Works	197
Chapter 6: Deep Learning for NLP.....	213
Introduction to Deep Learning	213
Convolutional Neural Networks.....	215
Data.....	215
Architecture	216
Convolution	216
Nonlinearity (ReLU)	216
Pooling	217
Flatten, Fully Connected, and Softmax Layers	217
Backpropagation: Training the Neural Network	218
Recurrent Neural Networks.....	218
Training RNN: Backpropagation Through Time (BPTT)	219
Long Short-Term Memory (LSTM).....	219
Recipe 6-1. Retrieving Information	220
Problem	221
Solution	221
How It Works	222
Recipe 6-2. Classifying Text with Deep Learning.....	227
Problem	227
Solution	227
How It Works	228

Recipe 6-3. Next Word Prediction	240
Problem	241
Solution	241
How It Works	241
Recipe 6-4. Stack Overflow question recommendation.....	248
Problem	249
Solution	249
How It Works	249
Chapter 7: Conclusion and Next-Gen NLP	263
Recipe 7-1. Recent advancements in text to features or distributed representations.....	265
Problem	265
Solution	265
Recipe 7-2. Advanced deep learning for NLP	265
Problem	265
Solution	265
Recipe 7-3. Reinforcement learning applications in NLP	266
Problem	266
Solution	266
Recipe 7-4. Transfer learning and pre-trained models	267
Problem	267
Solution	268
Recipe 7-5. Meta-learning in NLP	273
Problem	273
Solution	273
Recipe 7-6. Capsule networks for NLP	274
Problem	274
Solution	274
Index.....	277

About the Authors

Akshay Kulkarni is a renowned AI and machine learning evangelist and thought leader. He has consulted several Fortune 500 and global enterprises on driving AI and data science-led strategic transformation. Akshay has rich experience in building and scaling AI and machine learning businesses and creating significant impact. He is currently a data science and AI manager at Publicis Sapient, where he is part of strategy and transformation interventions through AI. He manages high-priority growth initiatives around data science and works on various artificial intelligence engagements by applying state-of-the-art techniques to this space.

Akshay is also a Google Developers Expert in machine learning, a published author of books on NLP and deep learning, and a regular speaker at major AI and data science conferences.

In 2019, Akshay was named one of the top “40 under 40 data scientists” in India.

In his spare time, he enjoys reading, writing, coding, and mentoring aspiring data scientists. He lives in Bangalore, India, with his family.

Adarsha Shivananda is a lead data scientist at Indegene Inc.’s product and technology team, where he leads a group of analysts who enable predictive analytics and AI features to healthcare software products. These are mainly multichannel activities for pharma products and solving the real-time problems encountered by pharma sales reps. Adarsha aims to build a pool of exceptional data scientists within the organization to solve greater health care problems through brilliant training programs. He always wants to stay ahead of the curve.

ABOUT THE AUTHORS

His core expertise involves machine learning, deep learning, recommendation systems, and statistics. Adarsha has worked on various data science projects across multiple domains using different technologies and methodologies. Previously, he worked for Tredence Analytics and IQVIA.

He lives in Bangalore, India, and loves to read, ride, and teach data science.

About the Technical Reviewer

Aakash Kag is a data scientist at AlixPartners and is a co-founder of the Emeelan application. He has six years of experience in big data analytics and has a postgraduate degree in computer science with a specialization in big data analytics. Aakash is passionate about developing social platforms, machine learning, and meetups, where he often talks.

Discovering Diverse Content Through Random Scribd Documents

Welcome to our website – the perfect destination for book lovers and knowledge seekers. We believe that every book holds a new world, offering opportunities for learning, discovery, and personal growth. That's why we are dedicated to bringing you a diverse collection of books, ranging from classic literature and specialized publications to self-development guides and children's books.

More than just a book-buying platform, we strive to be a bridge connecting you with timeless cultural and intellectual values. With an elegant, user-friendly interface and a smart search system, you can quickly find the books that best suit your interests. Additionally, our special promotions and home delivery services help you save time and fully enjoy the joy of reading.

Join us on a journey of knowledge exploration, passion nurturing, and personal growth every day!
